

ParAqua MC meeting and TS:"Regulations of culture collections, strains preparation and characterisation"				
Where:	CNR-IRSA Verbania , Viale Vito		When: 12- 14 May 2025	
Organisers:	MicrobEco and CNR-IRSA			
	DATE	TIME	Activity	
MONDAY	12/5/2025			
		9:00-10:30	MC meeting	
		10:30-10:45	Coffee break	
		10:45-12:30	MC meeting	
		12:30-13:45	Lunch	
		13:45-14:00	Registration by Panariello - Coci- Marchese	
		14:00-14:15	Institute welcoming and workshop program by E. Ferrari/Garzoli	
		14:15-15:15	keynote lecture MIRRI.ERIC and SUS-MIRRI.IT Cristina Varese	
		15:15-15:45	Lecture on picocyanobacteria culture Cristiana Callieri	
		15:45-16:00	Break	
		16:00-17:30	Lab activity on picocyanobacteria Cristiana Callieri & Raffaella Sabatino	
		17:30-17:45	Presentation of MicrobECO's activities Elena Panariello	
		17:45-18:00	Getting Around the IRSA and Verbania: Essential Information	
TUESDAY	13/5/2025			
		8:45-9:00	Welcoming	
		9:00- 9:30	Valorization and characterization of strains: Whole genome seq Eckert	
		9:30-10:00	Valorization and characterization of strains: Proteomic analysis Ferrari	
		10:00-10:15	Coffee break	
		10:15- 13:00	"Isolation and cultivation of cyanobacteria Lukasz Wejnerowski	
		13:00-14:30	Lunch	
			GROUP A	GROUP B
		14:30 - 16:30	Microfungal cultivation (Asco/Zygo/Basidio) Garzoli/Marchese/Chinaglia Bacterial cultivation Coci Manuela	Cultivation of fungal zoosporic parasites Albert Reñe
		16:30 - 18:00	Cultivation of fungal zoosporic parasites Albert Reñe	Microfungal cultivation (Asco/Zygo/Basidio) Garzoli/Marchese/Chinaglia
WEDNESDAY	14/5/2025			
			GROUP A	GROUP B
		09:00 - 9:45	keynote ECCO & WFCC Maria Gullo	
		9:45 - 10:45	Nagoya protocol - lecture by Melania Nelly Munoz-Garcia Simulation game -	
		10:45-11:00	coffee break	
		11:00-11:45	Lecture on Aquatic hyphomycetes Bruder Andreas and Isabel Rodrigues Fer	
		11:45-12:30	Lecture on Diatoms cultivation Dr. Lukasz Peszek	
		12:30- 13:30	Lunch	
		13:30-14:45	Aquatic hyphomycetes Bruder	Diatoms cultivation Dr. Lukasz Peszek
		14:45-16:00	Diatoms cultivation Dr. Lukasz	Aquatic hyphomycetes Bruder Andreas
		16:00	Excursion to the lake	
			Social dinner	
			Concluding remarks
